

New Zealand Farm Forestry Association

Knowledge, Experience & Expertise
in growing a wide variety of trees
throughout NZ

John Dermer | dermer@farmside.co.nz | (06) 3289740

History.

Founded by Neil Barr in
1957.

Now 28 branches
throughout New Zealand.

We also have five special
interest groups.

Sharing Knowledge, Experiences & Expertise:

- Field Days & Seminars
- Annual National Conference
- Newsletters,
- The Tree Grower Magazine
- Website nzffa.org.nz

Making Money & Wise Land Use

- Erosion control
- Shelter
- Timber
- Amenity
- Trials

EROSION:

EROSION: A solution (for some of it)

EROSION SOLUTION: A well planted eroding Gisborne hillside

SHELTER:

Trees planted for the right reason enhancing a productive livestock operation (John Prebble's Property East Otago)

SHELTER: Dairy Farm

TIMBER: We Learn more from failures than successes.

TRIALS: Eucalyptus on.....

Your comment

AMENITY: Earthquakes can sometimes be helpful
(if you are very patient!) All flats under the sea prior to 1931 earthquake

TRIALS: Pine Tree Planting on site close to sea (Port of Napier in background)

New Zealand Farm Forestry Association

A network of successful tree growers

- New Zealand wide
- Knowledge Sharing
- Special Interest Groups
