

Forest Health Surveillance redesign & GIA

David Cormack
Chairman, FOA
Biosecurity Committee

Ministry for Primary Industries
Manatū Ahu Matua

Forest Health Surveillance:

What is it?

Costs

\$0.5-0.7/ha

History

History

History

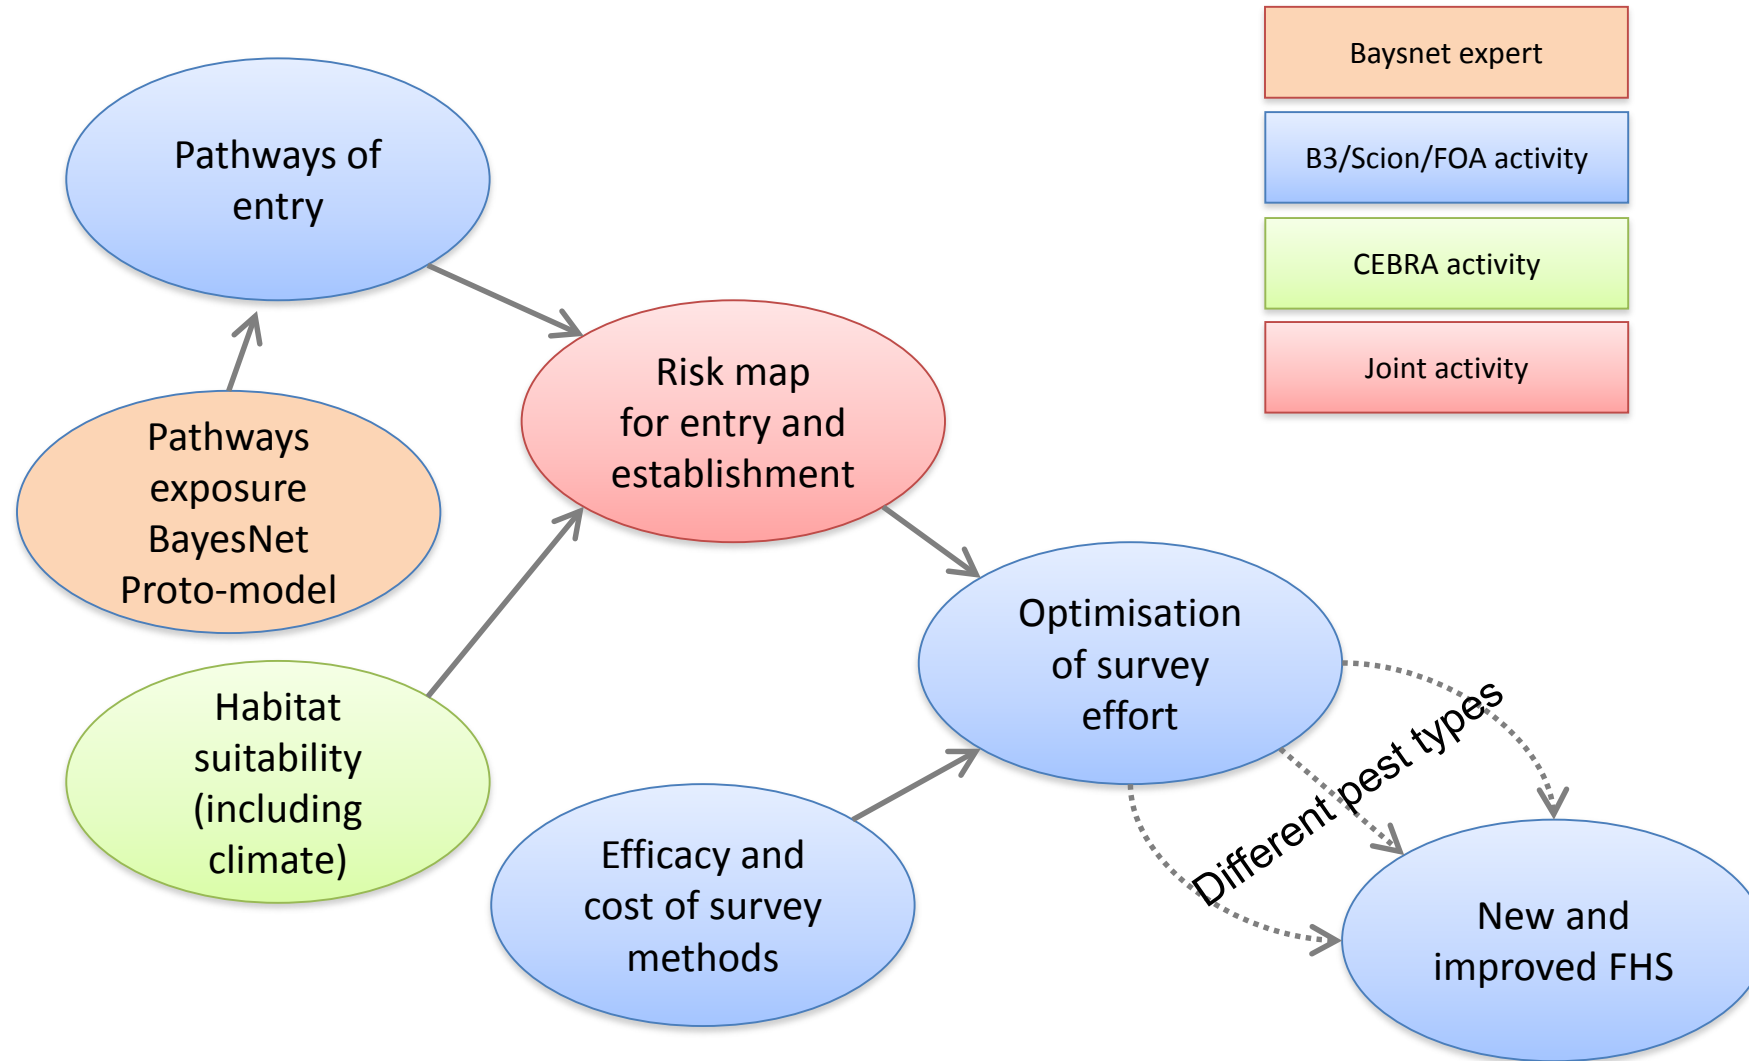

History

“ ... deserves commendation as part of a progressive approach to forest biosecurity that exceeds the sophistication level attained by forest health surveillance programmes elsewhere in the world” .

Why redesign?

FHS Redesign Project

Benefits

**EVERYTHING
IS UNDER
CONTROL**

GIA

– WHAT IS IT?

Formal agreement

Why join?

What will it mean?

We get a bill either way

Good company

What now?

What now?
